IT WAS DISTRICT DAY.

BUT THE HOUSE WOULD NOT LEGIS LATE FOR US.

The Appropriation Bills Taken Up Des pite Mr. Gront's Protest-A Little War of Words Between Two Members-What Was Done in the Senate

In the Senate to-day the credentials of D. W. Voorhees as a Senator from Indiana and of Henry C. Hansbrough as a Senator from North Dakota for the term beginning March 4 were presented and filed. The Senate agreed to a resolution calling on the President for copies of correspon-dence in reference to the importation of certain products of the United States int: Brazil.

By a vote of 28 to 29 the Senate refused to reconsider the vote of Saturday last, recommitted the Eight-Hour bill to the Committee on Education and Labor, and the bill therefore stands recommitted.

The Senate proceeded to the consideration of the Copyright bill.

In the House to-day, at the conclusion of the reading of the journal, Mr. Cannon of Illinois moved that the House go into of Illinois moved that the House go into Committee of the Whole on the Sundry Civil Appropriation bill.

Mr. Grout of Vermont antagonized the motion and called attention to the fact that this was the day to be devoted to business pertaining to the District of Columbia.

Mr. Anderson remarked that the bills (of the class now brought in by the Committee on the District of Columbia) were uniformly defeated in the House.

Mr. Hemphill of South Carolina—A gentleman who makes such a statement as that does not know what he is talking about.

Mr. Anderson—I do know what I am talking about.

Mr. Hemphill—I thought you had some

Mr. Hemphill—I thought you had some sense.

Then both gentlemen advanced toward each other, and, having met, goodnaturedly shook hands, and Mr. Anderson playfully tapped Mr. Hemphill on the jugular.

The regular order was demanded by Mr. Buchanan of New Jersey, and despite the protest of Mr. Springer the question was put and Mr. Cannon's motion to go into Committee of the Whole on the Sundry Civil Appropriation bill was agreed to, and Mr. Payson of Illinois took the chair.

Mr. Spinola of New York offered an amendment appropriating \$100,600 for the erection of a monument at Fort Green, Brooklyn, to the victims of the British prison ships.

A point of order against the amendment was made by Mr. Cannon, which was sustained by the chair, and Mr. Spinola gave notice that he would bring the maiter before the House at every opportunity.

Mr. Buchanan also gave notice that he

Mr. Buchanan also gave notice that he would at the first opportunity ask the House to pass a bill appropriating \$30,000 for a monument on the battlefield of Tren-

for a monument on the battlefield of Trenton.

Mr. Spinola appealed to Mr. Cannon to give a half day for the consideration of the Monument bill.

Mr. Cannon offered to give three weeks of the next Congress for the consideration of such bills.

Mr. Buchanan—Next Congress! You are like the fellow who took the Savior up a high mountain and offered him the whole earth when he did not own a foot of ground. [Laughter].

An amendment was adopted appropriating \$10,000 to complete the approaches to the public building at Winona, Minn.

The consideration of the bill having been completed the committee proceeded to the discussion of the Legislative bill.

The District was Entitled to It, But the House Decided Otherwise. The District of Columbia was to have

had a day in the House this, the second Monday of the month of February, but as upon so many previous occasions of
the same kind, that right under the rules
was not vouchsafed the District. It did
not get its day. The House, on the contrary, resumed consideration of the Sundry Civil bill.

Mr. Grout made a very strong plea for
the District. Mr. Hemphill did likewise.
He became involved in a controversy
with Mr. Anderson of Kansas, but no
gore was spilled or heads broken.

The Sundry Civil bill was taken up all
the same. as upon so many previous occasions of

Mr. Cannon, chairman of the Approar. Cannon, chairman of the Appro-priations Committee, tried to throw some-thing like a tub to the District whale in asking unanimous consent that a day be set apart for the consideration of District business.

was over.

Some members of the District Committee hop that the Sundry Civil bill will be disposed of in time this afternoon to let the District in for a small show. But that is not probable. In fact, the committee really has not much hope of getting anything substantial during the remainder of the session. As Dr. Atkinson of Pennsylvania said to The Carric reporter:

porter:
"We still hope for the best, but it looks dubious—the situation looks dubious, in-

AN EDITOR SUGGESTED.

Mr. Sherman Thinks the "Congressional Record" Should Have One. In the Senate to-day Mr. Manderson from the Committee on Printing reported

from the Committee on Printing reported a resolution (which was referred to the Committee on Contingent Expenses) providing for a joint committee of the two Houses to examine into the matter of public printing and binding and of distribution of documents (including the Congressional Record) and report as to what reduction and improvement should be made therein, and Mr. Sherman suggested the appointment of an editor for the Congressional Record to prevent duplications.

New Has Not Been Cabled For. Inquiry at the White House this morn-ing disclosed the fact that there is abso-lutely nothing in the report in a morning paper that the President has telegraphed Consul-General New to return to this country to accept the position of Secretary of the Treasury. No such telegram has been sent.

Pay for Extra Services.

Mr. Higgins to-day introduced in the Senate a bill to pay for extra services in the Water department of the District. It is the same as the bill introduced in the House last month by Mr. Mudd, and provides for paying \$238.90 to George W. Beall, H. B. McIntyre, Thomas A. Nevitt, Thornton Ortell, Michael Sullivan and William C. Small,

Reports Submitted to the Senate. In the Senate to-day Mr. Hawley, from

Reports Submitted to the Senate.

In the Senate to-day Mr. Hawley, from the Committee on Military Affairs, reported favorably a bill providing that all purchases and contracts for supplies or services in excess of \$200 in the War and Navy Departments, except for personal services, shall be advertised for.

A bill to increase the salaries of local appraisers of merchandise at certain ports was introduced by Mr. Cullom. The salaries proposed are as follows: New York, 48,000; Philadelphia and Hoston, \$0,000; San Francisco and Chicago, \$5,000; Baltimore and New Orleans, \$4,000; local appraisers at all other ports, \$3,000.

A similar bill was introduced in the House by Mr. Taylor of Illinois.

Senator Reagan submitted a proposed amendment to the Sundry Civil bill to appropriate \$50,000 to secure the completion of a twelve-company military post at Fort Sam Houston, San Antonio, Texas, and also to appropriate \$70,000 to secure the completion of the new twelve-company post at El Paso, Texas.

Senator Hawley to-day made a favorable report to the Senate from the Committee on Military Affairs on a bill to provide for beginning the construction of a military post at or near Essex Junction, or Swanton Junction, Vermont.

Mr. Dawes, from the Committee on

Military Affairs, reported to the Senate to-day, with a favorable recommendation, a proposed amendment to the Indian Appropriation bill to appropriate \$80,000 for the payment to the Sisseton and Wahpeton bands of Sioux Indians of Devil's Lake reservation for lands taken from them.

them.

Senator Cullom to-day introduced a bill to provide for the appointment of an assistant appraiser of merchandise at Chicago at an annual salary of \$2,500.

To Appoint an Assistant Superintendent Mr. Higgins to-day reported to the Senate favorably the Senate bill authorizing the appointment of an assistant superintendent of the Free Delivery Service in the Postoffice Department at a salary of \$2,000 a year.

What the Navy Department Officials
Have Done.
There was laid before the House to-day the annual report from the Secretary of the Navy giving the names, work performed, etc., of the employes of that De-partment for the calendar year 1800. The Secretary says that "these persons have been usefully employed and the number is not in excess of that required for the prompt dispatch of the public business."

To Amend the District Laws. Mr. Hemphill to-day reported to the House the bill agreed upon by the Dis-trict Committee at its meeting last Saturday to amend the general incorporation law of this District. The provisions of the bill as amended in the committee were given in The Carric last Saturday.

Relating to Immigration. The bill to extend the immigration laws, recently introduced in the House by Mr. Owen of Indiana, was introduced in the Owen of Indiana, was introduced in the Senate to-day with some change in phrase-ology intended to make its provisions more binding.

Mr. Chandler's bill provides that the Superintendent of Immigration shall re-ceive \$4,000 a year instead of \$5,000, as provided by the House bill.

To Offer Riders to Appropriation Bills. Representative Dingley of Maine introduced in the House to-day a resolution making it in order to offer as an amend ment to an appropriation bill the sub-stance of any bill that has passed the House and been before the Senate for six months and has failed to receive the ac-tion of that body. The adoption of this resolution would make it in order to at-tach the Elections bill to any appropria-tion bill.

OPPOSING THE BALL PARK SITE.

Commissioners To-Day.
Dr. Purvis, surgeon-in-chief of the Freedman's Hospital, had a conference with Commissioner Douglass this morning regarding the location of the Washington Baseball Club's grounds in the vicinity of the hospital. Commissioner Douglass said no steps could be taken pro or con, until the application for permit to erect seats, stands, etc., had been made by the club.

seats, stands, etc., had been made by the club.

In a conversation with a Carric reporter Dr. Purvis stated: "I regret indeed that the gentlemen representing the baseball people should have selected so unfortunate a site for the location of their grounds. Unfortunate, because a baseball game provokes more or less applause, which cannot be anything but annoying and irritating to the patients of the hospital, the south wall of which is separated from the park only by an inch fence. I have no perwonal feeling in the matter beyond the care and welfare of my patients, which number from 200 to 300 daily (white and colored). The cheers and yells of spectators attending an exhibition of the manly sport is certainly not conducive to the comfort of sick people. The attorneys for the club make a rather queer analysis of the word nuisance. Blackstone defines it as meaning 'anything that annoys;

noise."

"It is evident to any fair-minded citizen that noise is the word par excellence to define an exhibition of the national game. I quite agree with the editorial in your paper of Saturday last, that hospitals are more necessary than ball games, and for that reason should have privileges that are not at all unusual when they are given to benefit suffering humanity. I shall fight to the last extremity for my patients and think the majority of the community will give me their support and approval."

On Saturday night Bryant purchased a revolver and started out with it on murder bent. His girl had deserted him, and life without her was a barren ideality, so he concluded to kill her.

Going to her house, he drew the revolver and announced with melodramatic effect that he intended to make a sieve of the dusky Mary.

The frightened woman ran into the yard, closely pursued by Bryant, who lived one shot at her, but, either owing to nervousness or some other causes, missed her.

Thereupon the officers walked in and

Thereupon the officers walked in, and the bloodthirsty and jealous swain was locked up.

In the Pohce Court this morning Jadge Miller decided that Bryant's temporary retirement to the establishment on the Eastern Branch was made necessary by his action, and the love-lorn Othello was given a sufficient sentence to allow his ardor to cool.

MUST ASSIST THE OFFICERS.

A Duty Which Citizens, Says Judge Miller, Must Perform.

A test case was brought up in the Police Court to-day to decide whether there is any District law requiring a citizen to assist an officer of the law, Officer Holmes had George Locker before the court on the charge of profamity, and also Grant Payne and James Bryant for having refused to assist him when the former resisted arrest. Lawyer Cahill argued that there was no law to justify the arrest of Payne and Bryant.

After hearing a lengthy argument Judge Miller took exception to an affirmative decision made by Judge Mills last summer, and held that an officer had a specific right to summon a citizen to aid him in making an arrest. Payne and Locker were fined \$5 each, but Bryant's fine was suspended, as it was shown that he was physically unable to give assistance,

This will leave but four performances of "Beau Brummel"—to-night, Tuesday and Wednesday evenings and Saturday matinee. Thursday evening "A Paristan Romance" will be given, Friday evening "Prince Karl" and Saturday evening "Dr. Jekyll and Mr Hyde." There will be no Wednesday matinee.

"The Dry Goods Economist" Year Book The Textile Publishing Company of New York have issued the Dey Goods Economist year book for 1801. It is a com-Accomment year book for 1891. It is a com-pendrum of valuable information relating to the textile arts, sciences and fabrics, and the distribution of textile products. It contains full and accurate statistical tables and a multitude of facts of value to dry goods men and others all over the world. It has evidently been compiled with pain-staking care and it is a useful and handy book of reference.

FORTUNATE FOR DUBOIS

PRECEDENTS WHICH APPLY TO HIS ELECTION TO THE SENATE.

enatorial Elections in Florida Which Will Help Mr. Dubois in Maintaining

the Validity of His Election. The attempt of certain disgruntled ele nents in the Idaho Legislature to undo the election of Mr. Dubois as Senator for the term beginning the 4th of March next is exciting some interest. Fortunately for Mr. Dubois there are two precedents which exactly fit his case.

They are the contested cases of Hart vs. Gilbert from Florida in the Forty-first Congress. The facts briefly are that Florida had been without representation from 1861 to 1868. The Legislature under

from 1861 to 1868. The Legislature under reconstruction met on Monday, June 8, 1868, and on June 16, the second Tuceslay after its organization, it began balloting for Senator, three vacancies to fill, one for the term expiring March 3, 1879, one for the term expiring March 3, 1873, and one for the term running from 1889 to 1875.

The Legislature balloted in separate Houses without result and adjourned to meet the next day in joint session. On that day it elected a Senator for the term expiring March 3, 1869, and adjourned to the next day, when it met and elected a Senator for the term expiring March 3, 1873, an adjourned size die. However, the joint session assembled the next day and elected Abijah Gilbert for the term beginning March 4, 1869, and ending March 3, March 4, 1860, and ending March 3

1875.
The same Legislature in January, 1870, elected Ossian B. Hart to represent the State in the Senate for the term beginning March 3, 1869, and ending March 4, 1870. In the meantime Mr. Gilbert had been sworn in. Mr. Hart came here and contested the seat. The case was referred to the Committee on the Judiciary, composed of Senators Trumbull, Stewart, Edmunds, Conkling, Rice, Carpenter and Thurman.

Edmunds, Conkling, Rice, Carpenter and Thurman.

The chief ground of contest was that Gilbert was not elected in conformity with the act of Congress regulating the time and manner of electing Senators. In regard to this point the report says:

"The only ground for the objection arises from the fact that the Legislature failed to take action the second Tuesday after its organization in regard to the third Senator who was to be elected, but it took action on the subject of electing Senators and actually voted, though unsuccessfully, on that day for persons to fill the two existing vacancies."

The report then declares that Mr. Gilbert was elected by the proper Legislature, "the one chosen next preceding the term which would commence on March 4, 1869."

which would commence on March 4, 1809."

The report continues: "There being three Senators to elect, it took action that day (the second Tuesday) in reference only to two of them. Did its failure to take action on that day * * * in reference to the third Senator render his election * * * invalid! The committee thinks not."

After reciting the facts as to the adjournment sine die and the subsequent

After reciting the facts as to the adjournment sine die and the subsequent meeting the next day, the report of the committee thus concludes:

"In no view which the committee can take would the petitioner be entitled to a seat in the Scnate, for if the election of the sitting member was irregular that of the petitioner by the same Legislature at a subsequent session was equally so."

The report of the committee was adopted after a brief debate, and Mr. Hart went back home.

In the Forty-second Congress a similar contest came up between Joseph J. Reynolds and Morgan C. Hamilton of Texas and was decided in precisely the same way, the case of Hart vs. Gilbert being cited as a binding precedent. In this case there was no debate and the vote was unanimous.

A Budget of Happenings and Doings in That City.

Alexandria, Feb. 9.—Yesterday the churches had large congregations and the streets were thronged with pedestrians in the afternoon an unusually large number of strangers coming over by ferry from Washington. The pulpits were filled by resident clergy. The day was a quiet and orderly one, there being but three cases before the Mayor this morning and these were for petty offences.

In the afternoon the late Mrs. Sarah E. Paul, the wife of Mrs. John Paul, superintendent of the Potomac Shoe Factory, was buried, and the funeral was largely attended, the shoe factory employes attending in a body. Rev. James I.
